Table Factory Burned.

New York, Dec. 28.—The table manufactory of Brown & Bliss, 336, Cherry St., a five-story brick factory burned this morning also adjoining buildings. All the buildings were owned by Mrs. Ellen Simpson. The loss is estimated at \$100,000. Property insured.

One of His Worshipers.

New York, Dec. 26.—The *Tribune* says the fund of a hundred thousand dollars raised by the Philadelphians for Grant is completed and awaits the General's order.

One gentleman, says the *Philadelphia Record*, a philanthropist of large means who is a warm friend of General Grant sent him a note on Dec. 25, 1880, with a letter stating that if necessary he would give a check for \$100,000 or he would be willing to pay a life annuity of \$35,000 a year to the ex-President.

Heavy Snow in New York.

New York, Dec. 29.—There was a heavy snow storm last night the snow interfering seriously with the travel of the horse cars so that they have been compelled to double up teams and run at longer intervals. Telegraphic communication with Fire Island has been severed. The storm Sunday was very violent there. The surf broke across the beach between Surf Hotel and the Light House pavilion on the ocean side which was undermined and one hundred bathing houses washed away. The hotel narrowly escaped. A large ship's cabin and much wreckage was washed into the bay. An old hull of a 1200 ton steamer was washed on shore. The vessel has not been recognized as no steamer is known to have been lost.

The Cold.

Chicago, Dec. 29.—The cold weather continues. At dawn this morning the mercury was at 19 to 22 in the city. At eight o'clock it was 15 below here and at other points in the northwest as follows: Detroit, 11; Milwaukee, 19; Winona, 15; St. Paul, 9; Dubuque, 22; Peoria, 20; Davenport, 14; Keokuk, 15; Des Moines, 12; Detroit, 16; Peoria, 20; Galesburg, Ill., 24, all below zero. The sky is clear and the wind moderate and the prospects now are for a gradually rising temperature. The trains are usually impeded somewhat but no accident to property or life is yet reported. A coal famine is possible, if the cold weather continues and the railroads fail to bring coal as they have heretofore.

Ft. Wayne, Dec. 29.—The thermometer is 20 below zero. Many cattle are frozen to death.

Cincinnati, Dec. 29.—It is growing colder since sun rise. It is ten below zero.

Richmond, Dec. 29.—Snowing heavily all over the state, no let up.

A Remarkable Letter.

Chicago, Dec. 28.—The *Tribune* editorially says: Ex-Sena or Sargent, of California has written a remarkable letter to the Salt Lake *Tribune* in defense of his amendments to the polygamy bill for the suppression of polygamy in the territories. That bill as introduced in the House gave the plural wives a right of division of the property of the husband and took franchise from the women of Utah who are now entitled to vote after ninety days residence in the territory without having subscribed to their allegiance or being naturalized. Sargent caused both of these provisions to be stricken out. The Gen ile population of Utah have had a grudge against him ever since. Sargent defends himself by saying that polygamy is a religious institution and he has never known persecution to be effective against religion, but the very obvious answer to this argument is that plural marriages are not necessary to the Mormon religion and if they were it would be faith founded upon lust and violation of the laws of all civilized nations. Sargent has failed to draw a line between the regulation of domestic institutions by law and the attempt to control opinions by the same means.

—Mr. Moody unloaded a large amount of new goods for A. O. Robbins' furniture store at this place. Several car loads will be sent to his other stores in neighboring cities.

—The storm which set in Tuesday continued all day yesterday and last night, and although it did not snow much it was furiously cold.

TAME RUDABAUGH.

The Stokes Boys Probably Innocent of Their Charge.

From Deputy U. S. Marshal, J. W. Bell we learn that Rudabaugh was taken before the U. S. Commissioner at Santa Fe on Tuesday to see if he would plead guilty to the charge of robbing the mail here at Vegas about a year ago, and of the crime of robbing the mail coach at Tecolote. He plead guilty to both charges and was delivered to the custody of a deputy U. S. marshal to be held for trial. Rudabaugh says that he has nothing to gain by keeping silent longer and resolved to make a clean breast of it all. His confession establishes the innocence of the Stokes boys, which opinion has been held by so many of our citizens. Rudabaugh has tamed down wonderfully and has lost all his courage, while "the Kid" is as "game" as ever. Rudabaugh says that Jim Greathouse took some of their stolen stock to a lake seven miles from his rancho, where it is now in all probability.

New Years.

—All those who intend to keep open house on New Year's day will do us a favor by sending their names to this office between this and Saturday morning.

—Philip Holzman's grand father died, Tuesday, in New York, aged 92 years.

—Ward & Tamme have been doing a rushing business since they opened their new hall.

—A large number of freight cars are now standing on the tracks at the depot.

—Both trains were late yesterday. The passengers from the west, did not arrive until after six o'clock.

The Gallinas was frozen over and under yesterday, over where it was still and under where the water was running rapidly.

—Large quantities of holiday goods are just now arriving in town, rather behind time but better late than never.

—The telegraph operator at Socorro has resigned. They made it too hot for him during the unpleasantness of the last few days.

—The train from the south did not arrive till nearly 7 o'clock last night, the locomotive having been stalled in coming over Glorieta hill.

—In justice to the boys who took down "the Kid," Wilson and Rudabaugh to Santa Fe, we would say, that all the compromise that was made with the sheriff's posse was with guns, which they would have made free use of, if any attempt had been made to take from them one or more of their prisoners.

—The house of Amado Lucero, in Santa Fe, was surrounded by a number of burglars, Monday night, for the purpose of securing a large amount of money which it was known the old gentleman always keeps. Lucero resisted, when several shots were fired one of which wounded Mr. Lucero in the neck, but not dangerously.

The firing attracted the neighbors, who came to the rescue and succeeded in capturing several of the would-be robbers.

—Since Bell, Craig & Co. the plaza grocers, have commenced to advertise so extensively there has been a regular rush of customers to their store. Yesterday they could hardly find time to wait upon buyers purchasing butter at 25 cts. per pound. They propose to sell largely on small profits and they have the stock of goods which will back it up both in quality and quantity. They buy largely and have all the advantages possible for purchasing and shipping. This enables them to sell a good quality of goods at surprisingly low figures.

—Chas. Metcalf, came up from the White Oaks yesterday morning and took the afternoon train for the east where he will spend some time visiting friends in Missouri and Kentucky. He is the owner of some very valuable mines in Tortolita cañon, which will be developed in the spring. Mr. Metcalf reports some rich developments in the air shaft of Homestake mine at a depth of 30 feet. One small piece of quartz rock taken out was nearly pure gold and was valued at \$750. Other beautiful specimens taken from the same shaft were exhibited at this office but were carried on east to show friends. This is additional proof of the great wealth of the first discovered mine in the White Oaks country. Water has been obtained in the well at Patronals, which goes to show that water can be obtained at nearly any point along the freight route to these gold regions. The matter should be taken in hand and a good road made so that the entire trade will be assured for Las Vegas.

—A. Meyer of Santa Fe is in town.

—F. G. Drake is a guest at the St. Nicholas.

—Mr. H. Pearson is stopping at the National Hotel.

—M. S. Otero and family came up from Bernalillo yesterday.

—Gilly Otero arrived in town on yesterday's train. He is looking well and happy.

—J. M. Aldrich and wife of Albuquerque are stopping at the St. Nicholas.

—F. C. T. Brightwell, arrived a few days since from Clinton, Mo. He is engaged in business with Maitland & Co., in East Las Vegas.

—W. B. Towne, agent for the Diebold safe and lock company of Chicago has so d nearly three car loads of safes in Santa Fe and Las Vegas during the last few weeks.

—Deputy U. S. Marshal J. W. Bell, and East and Emory of the Panhandle boys and Barney Mas n, who accompanied Garrett and Stewart with "the Kid," Wilson and Rudabaugh to Santa Fe returned to Vegas last night. Garrett and Stewart are in Santa Fe still trying to arrange their matters with the officials.

—Santa Claus has brought a budget of hanging bees to New Mexico, and distributed them for holiday presents.
